

Dropped Objects Inspection

DESCRIPTION						
Date Started:	/ / Year Month Date		Date Completed:	/ / Year Month Date		
Main Purpose for the Inspection:						
Employee Name:				Checked By:		
Function Area:				Associated Areas:		
DROPPED OBJECTS						
A - Acceptable, NI - Needs Improvement, U - Unacceptable, N/A - Not Applicable						
No.	Item Description	A	NI	U	N/A	Comments
1	The FLHA identifies drop hazards and control methods (e.g. hoisting, lowering, working at heights)					
2	Controls are in place to protect workers below (e.g. flagging, tagging, signage, ground person, netting)					
3	Items are properly secured when manually hoisted (e.g. canvas lifting bag, proper knots)					
4	Appropriate hand tool lanyards are in use					
5	Tools and materials are properly stored so that they will not vibrate off, be knocked off, or blown off of structures					
6	Power tools are tied off during use, and cord tagged at power source. Other tools secured as required.					
7	Housekeeping in the area is maintained					
8	Small items are protected from falling through grating or off an edge (e.g. fire blanket, mesh, plywood, toe boards, etc.)					
9	Unnecessary equipment is not present (e.g. fasteners, plates, chains, piping)					
10	Area is free of ice, snow, dirt and rock build-up that could fall					
11	(add as appropriate)
