## 1.0 CONDUCTING AN AUDIT – SINGLE & MULTI-COMPANY AUDITS

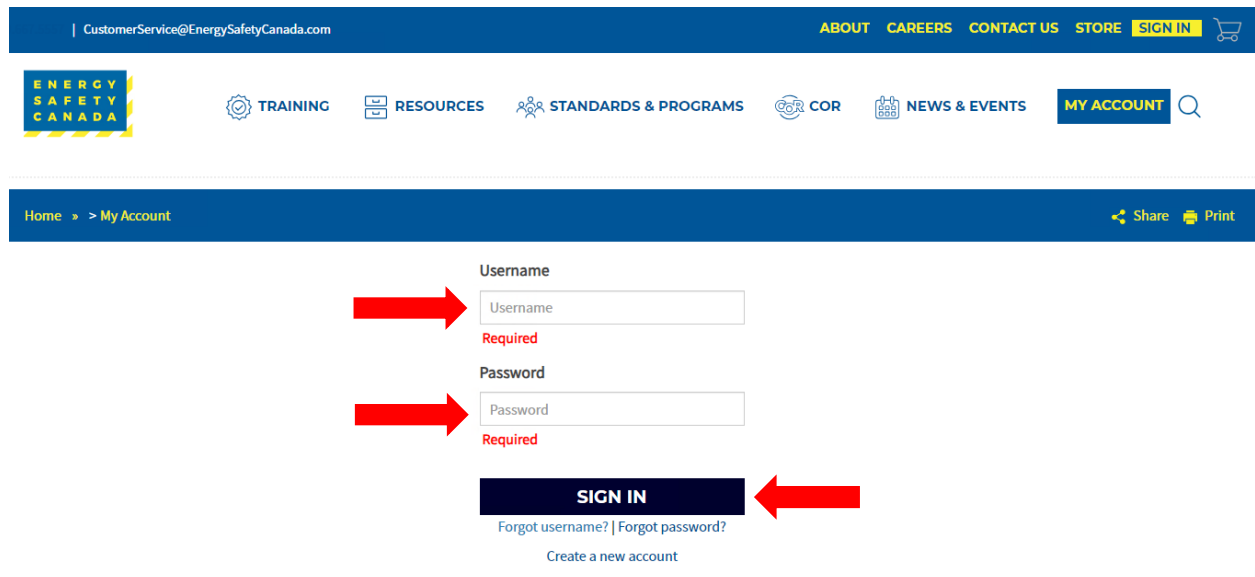

### 1.1 Navigating the Auditor Dashboard

Once the Employer and you the Auditor have completed the audit registration phase, Energy Safety Canada completes a review of the audit registration and approves it. You are now ready to begin the audit.

1. Begin by navigating to the [energysafecanada.com](http://energysafecanada.com) website and click on the **MY ACCOUNT** or **SIGN IN** button located on the top right of the screen.

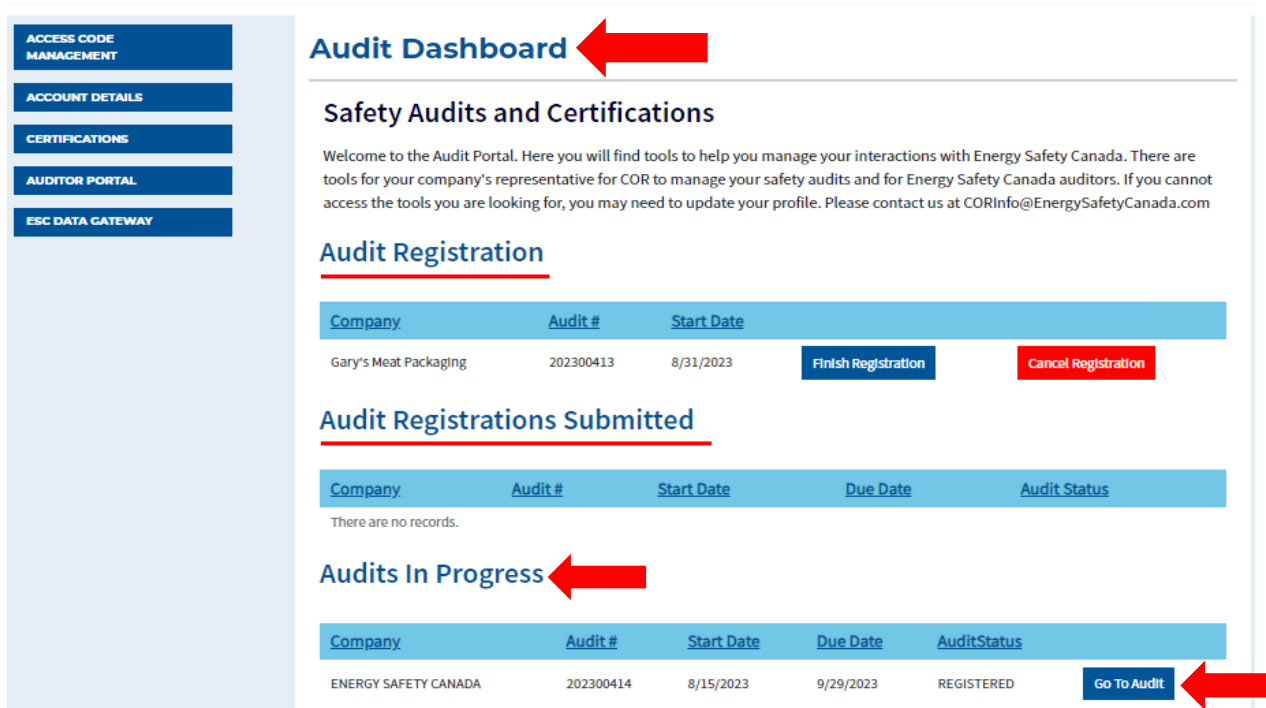

2. Next, enter your login credentials and password. Click on the **SIGN IN** button.

- Once logged in, navigate to the left-hand side menu bar, click on the **AUDITOR PORTAL** menu option. From there, select the Auditor Dashboard.

- You are now on the COR Audit Dashboard page where you will see your Audit Registrations, Audit Registrations Submitted and Audits in Progress. Under “Audits in Progress” click on the **Go To Audit** button next to the audit line you wish to start - you are now ready to begin on-site activities.

## 1.2 Company Details

You are now on the Company Details page. You will notice a table at the top of the page that indicates the following information:

- The audit #
- Audit Status: Registered
- Audit Start date
- Audit due date
- Audit Scope
- Lead Auditor
- Certification Type

**NOTE:** this table will appear at the top of your screen throughout the audit software.

Below the table, you will see Company details information that includes:

- The Companies Legal Name
- The Street Address
- City
- Province
- Postal Code
- Phone number
- Company Profile

You will also notice a “countdown clock” located on the top left of the screen indicating how many days are left for on-site activities as well as the audit due date.

Click the **NEXT** button to move to the Audit Details page.

## 1.4 Sampling Summary

You are now on the Sampling Summary page. Review the sampling data displayed and ensure it is correct:

- Total employees
- Interviews Required
- Employees to be interviewed
- Total Sites
- Site Visits Required
- Sites Visited

**NOTE:** If any of the above data shows **red** in the table, the minimum number of required site visits or interviews has not yet been met.

You can review and edit which sites you will visit as well as how many interviews you will be completing per role and site.

1.4.1 To edit site data entered during the registration phase:

- Begin by clicking on the **Edit** button next to the applicable site/location which will open a pop-up window.

Please complete your site sampling details by clicking the "Edit" button beside the site before proceeding.

**NEXT**

- In the pop-up window, confirm or enter the following data:
  - Parent Company name

**NOTE:** If completing a single company audit, there will only be one parent company listed in the dropdown. If completing a multi-company audit, there will be multiple options to choose from.

- Site/Location

**NOTE:** Ensure your Site/Location description is clear if you have multiple sites/locations in the same area. For example, if all your sites/locations are in Calgary, ensure you can tell the difference: Calgary Head Office, Calgary Satellite Office, Calgary Shop, etc. When entering onsite activities for D, I, O, locations only appear by site name so if you name everything the same you will not be able to differentiate sites.

- Province
- WCB#

- Industry Code
- Number of Workers
- Type (Field/Fixed/Head Office)
- Year of last audit (enter “NEVER” if not previously audited)
- Site Observations (Not Visiting/Site Visit Planned)
- Click the “visited” check box for any sites you’re planning on visiting - this will change the number of sites visited under the site sampling summary chart. If you see a red number under “sites visited” it is because you have not met the minimum requirements and will need to edit sites until sampling requirements are met.

**NOTE:** Any sites not checked off as visited, will not be available to enter interview data in. If you are not planning site visits but need to complete remote interviews, you **MUST** check off the visited box in order to enter interview data.

- Lastly, confirm the number of employees for each level and site as well as the number of employees to be interviewed per level that was previously entered. If you still see red numbers under “employees to be interviewed, you have not met the minimum interview requirements and will need to edit the interview numbers you entered until sampling requirements are met.
- Click the **SAVE** button to close the pop-up window
- Repeat this process until each site entered has been reviewed.

	Total	To be interviewed

2. Confirm the site name in the top left of the screen is correct.
3. Confirm the question type: Documentation
4. Notice the status bar currently indicates “In Progress”.
5. To begin entering data, click your cursor in the documentation notes field for the question you would like to answer and begin typing or paste previously copied data into the field.
  - a. You can access scoring guidance if needed by clicking on the down arrow to expand the field.
6. Next, select the appropriate score from the score drop down menu.
7. Use the scroll bar on the right-hand side to move through the questions.

**NOTE:** The new software requires that you **MUST** save regularly, or you will lose all data entered and will have to re-enter it. The **SAVE** button is located on the top right of the screen.

You also have the option to **Download Questions** This will download a zipped folder of the Auditor Info Gathering Tools) if you will not have access to WIFI so that you can complete your documentation field notes and copy paste them into the audit tool at a later date.

You will also notice a **Clear Scores** button on the page. If you click the button, an addition pop-up window will appear asking you if you want to delete all scores for the current site. This will only clear the scores entered, not field notes entered. The Clear Scores is used if wrong scores were chosen throughout and is an easy way to clear all the scores.

The screenshot shows the 'Audit Summary' page for 'Head Office Calgary'. The 'Question Type' is 'Document'. The status is 'In Progress'. There are buttons for 'Download Questions', 'Clear Scores', and 'Save'. Red arrows point to these buttons.

- Once you have completed entering all of your documentation field notes, change the status from In Progress to Complete and click save. If you change the status from “In Progress” to “Complete” and do not hit the save button before returning to the main document entry page, it will not save the status change and will appear as in progress still. A warning message will appear letting you know data may not be saved.

**NOTE:** You do not have to enter all field notes at once. You can enter what you have and come back at a later date by leaving the status to “In Progress”.

- Click on the Audit Summary button on the top left of the screen to return to the main Document Entry page.

The screenshot shows the 'Audit Summary' page with the status dropdown menu open, showing 'In Progress' and 'Completed' options. Red arrows point to the 'Audit Summary' button, the 'Completed' option, and the 'Save' button.

Question	Documentation Notes	Tally
A1A Does the company have a written health and safety policy that contains the following? 1. A reference to the company's goals, aims, responsibilities for and/or commitment to health and safety, 2. a reference to addressing the health and safety (including physical, psychological, and social well-being) of employees, 3. a reference to management (senior and middle levels as applicable) responsibilities,	Review of the Companies HSE Policy confirms there is a written Health and Safety policy that contains all eight criteria listed.  For example, the policy was signed by the current President and dated January 1, 2023.  Full points awarded, 100%.	N/A

- Here you will see the list of site(s) and the status of the documentation field notes entered to date:

- In Progress
- Complete
- Not Started

- If there are multiple sites included in the audit scope, repeat the steps above until all field notes are entered and completed for each site.

- Once all document field notes have been entered, click on the On Site Activity button located on the left hand side menu bar to navigate back to the On Site Activity main page.

**NOTE:** The documentation notes field will not be blank when selecting a new site to enter data for, it contains field notes previously entered from other sites.

8. Leave the “Status” dropdown menu as “In Progress” until all applicable interviews have been entered for this location and role.

The screenshot shows the 'Audit Summary' form. On the left, there are three input fields: 'Sites', 'Number of interviews' (with a value of 1), and 'Title'. Red arrows point to each of these fields. In the center, there are two dropdown menus: 'Question Type' (set to 'Interview') and 'Role'. Red circles highlight both of these dropdowns, and a red arrow points to the 'Role' dropdown. Below these are two buttons: 'Delete' (with a trash icon) and 'Save' (with a checkmark icon). At the bottom, there is a table with three columns: 'Question', 'Interview Notes', and 'Tally'. A yellow message bar below the table reads 'Select a Role to see questions.'

9. Once all required fields are entered the applicable interview questions and text fields will appear.
10. To enter interview notes, click in the interview notes field next to the applicable question and begin typing.

**NOTE:** The interview notes field will not be blank when selecting a new site/level to enter data for, it contains field notes previously entered from other interviews.

11. To see scoring guidance, click on the down arrow to open.
12. Enter the correct Tally number of interviews completed - you can do this by manually typing the number in or by using the arrows to increase or decrease the total. The number of interviews you enter above creates the score tally when entering your field notes. You can manually change both the numerator and denominator if required.
